DETAILED ACTION

Reasons for Allowance

1. Regarding claims 1-10, the prior arts fail to teach where a first communications service exhibits a first performance characteristic affecting communications quality and a second communication service exhibits both the first performance characteristic and a second performance characteristic not exhibited by the first communication service, a method for determining the effect of the second performance characteristic upon the quality of the second communication service comprising the steps of:

altering subjective ratings to reflect the effects of the second performance characteristic by use of an assumed model for the effects of the second performance characteristic upon the subjective ratings of the first performance characteristic;

computing quality index values from the altered subjective ratings; and

adjusting the assumed model to improve a correlation between the quality index values and the second performance characteristic.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
